orway, Maine.

This is a vertical, high-contrast, black and white image. It appears to be a scan of a textured surface, possibly a book cover or a piece of paper. The image is characterized by a dark, irregular shape at the top, which could be a binding or a piece of tape. The rest of the image shows a light, textured surface with some dark, vertical lines and a small, dark, irregular shape near the bottom. The overall appearance is that of a scan of a physical object, with some noise and artifacts visible.

This image shows a vertical strip of a document, possibly a page from a book or manuscript. The strip is narrow and shows the edge of the paper, with some visible binding or stitching on the left side. The text is mostly illegible due to the narrowness of the strip and the high contrast of the image.
